

CALL FOR PRESENTATIONS FOR HIGH PERFORMANCE SCHOOLS WORKSHOP

The Kentucky NEED Project is seeking case studies of new or renovated Kentucky K-12 school building projects that feature high performance design criteria and innovative energy efficient building technologies. For purposes of this workshop, criteria identified in the *Kentucky Green and Healthy Schools Design*, www.greenschools.ky.gov/join/newghs.htm, will be used to evaluate the applications. High priority will be given to examples of whole building, integrated design. Case studies will be presented at the 2011 High Performance Sustainable Schools Workshop being held March 22 – 23, 2011, in Bowling Green, Kentucky. Please note that ALL presenters must register for the conference.

Deadline for submission: December 15, 2010

HIGH PERFORMANCE SCHOOL CASE STUDY PROPOSAL

1. Building Category (check one):

☐ **New Construction**

Year school is scheduled to open OR did open _____

☐ **Renovation**

Year project is scheduled to be completed OR was completed _____

Year original school building opened _____

2. Building Name: _____

3. Building Owner: _____

4. Contact Information for Main Presenter:

Name: _____ Title: _____

School or Business: _____

Address: _____

City, State, Zip: _____

Phone: _____

Email: _____

5. Building Performance (circle all that apply):

Has this building project earned the ENERGY STAR Label? Yes No

If yes, please provide year(s) and scores(s): _____

Has this building project been designed for ENERGY STAR? Yes No

Has this building project been designed for LEED certification? Yes No

If yes, for what level? _____

6. High Performance Building Characteristics: Describe, in 100 words or less the high performance building design features and how the interdependencies of the systems were coordinated. Up to two pages of supplemental documentation may be provided.

Submit application to: The Kentucky NEED Project
PO Box 176055
Covington, KY 41017
